

# QUICK START GUIDE

**FIRST TIME?**

**Log in.** The whole school uses the same login and password. You can generate a 'magic login' link so you can share it with all staff *without* sharing the actual password!

Download and print your free **workbooks**. It's usually 4-5 sheets of A4 per student, per half term. That's all the prep you'll need to do.

**DAILY**

**Pick a hub** and pop it up on the board. Let students pick an activity to do, and you're free to crack on with registers, planner signing, uniform checks, etc, etc...

Form time, sorted.
